Annex 05, table 2: Ratio of male versus female pupils that are absent for a prolonged period

Preg = pregnancy

60-40% or more skewed is considered significant and therefore marked

Division	Truancy		Preg	Died		Poverty		Disease		Caring for patient		Total	
	M	F		M	F	M	F	M	F	M	F		
Division	59	41				52	48			48	52	53	47
Bashanet	59	41				47	53			52	48	36	64
Ufana	53	47				-	-			63	37	70	30
Madunga	57	43				48	52			54	46	-	-
Dareda	60	40				57	43			43	57	-	-
Dabil	60	40				53	47			26	74	52	48
Arri	64	36				59	41			49	51	54	46
